LETTER

Sir:

After numerous conversations with the Applications Branch, it has been determined that there is no record of receipt of the above-identified National Stage PCT application. However it has been confirmed that the Express Mail envelope containing this application did reach the United States Patent and Trademark Office. A copy of our express mail label is attached.

The entire file has been searched and the filing postcard and the filing receipt have not been found. Neither item has been received by our office.

Therefore, we are also enclosing a further copy of the application papers as well as a Declaration under 1.68, and a copy of our postcard, along with the express mail label copy. Since the check (check # 15999) submitted with the original application has not cleared our bank, we are also enclosing a substitute check in the amount due at the time offiling of the application.

We respectfully request that the application be entered as filed on November 24, 2004, a

serial number assigned, and a filing receipt issued recognizing the original filing date.

Respectfully submitted,

Robert W. Becker, Reg. No. 26,255
